Life of Goreslav Chuzhdozedniy by Vladimir S., Evgeny E., Greht and Ivan Shestov E. (2019)
The movie centers on the life of a depersonalized dropout existing beyond epochs in a timeless loop. This is the story of a solitary war taking various forms ranging from off-season work in the fields to outright and savage rebellion. The story of a war waged simultaneously in both the external and internal territories, blurring the boundaries between them in the dreams and visions of a madman.
